

Job Description

State Forest Supervisor-Forester 3

Location: Sharps Chapel, Union County, TN

Salary: \$2,908 - \$4,652 monthly

Job Description:

The Chuck Swan State Forest Supervisor resides within the East Tennessee District and is responsible for implementing forest management activities on the 24,300 acre state forest.

Specific Job Duties:

PLANNING

1. Provides input and guidance to the East Tennessee Assistant District Forester for State Forests regarding forest management activities on Chuck Swan State Forest.
2. Provides general supervision to the State Forest Forester on Chuck Swan State Forest.

PROGRAM DEVELOPMENT AND IMPLEMENTATION

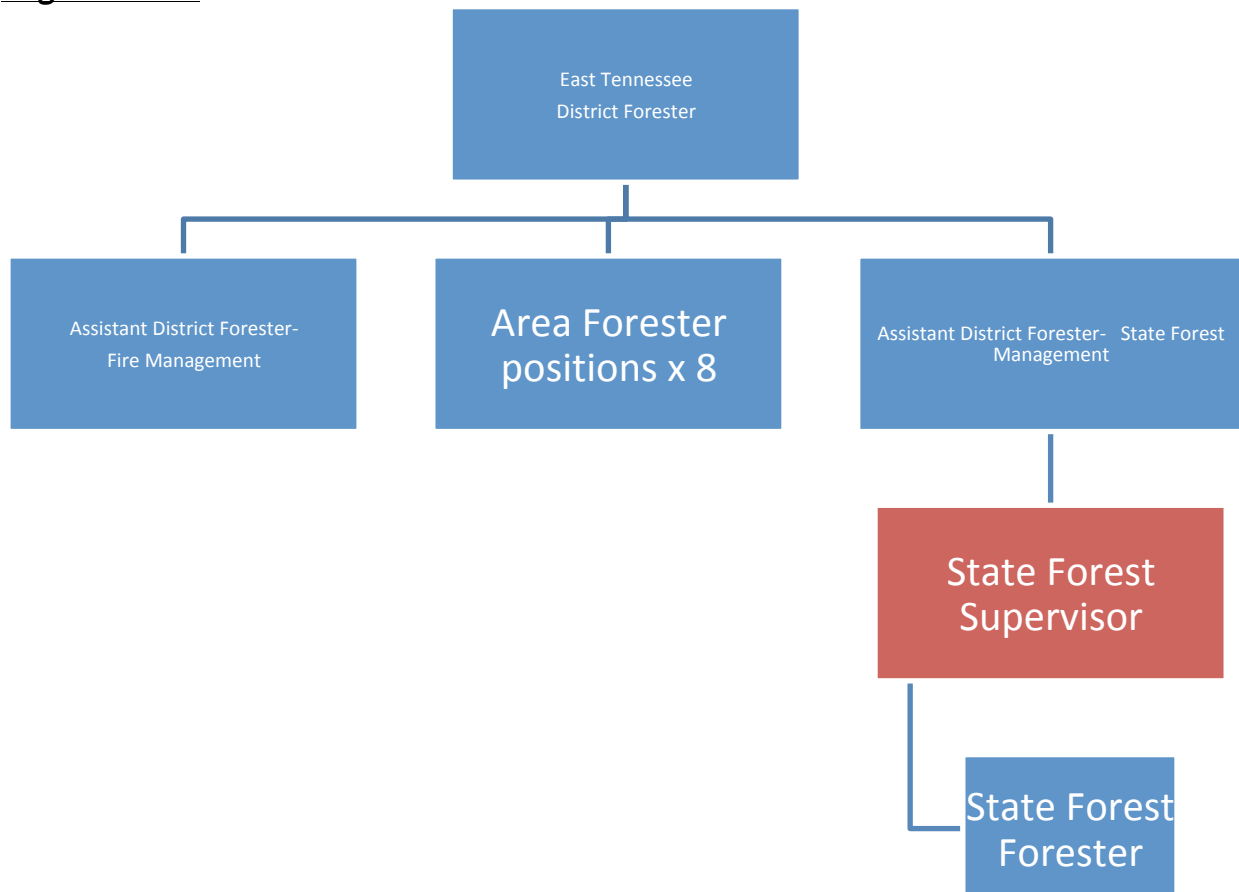

1. Actively develops and maintains working partnerships with other state and federal agencies, non-profit organizations and various conservation groups.
2. Ensures the implementation of the 20/20 harvest plan (<https://www.tn.gov/agriculture/forests/state-forests.html>) for a healthy state forest.
3. Provides technical assistance and relevant forest management information to landowners, schools, communities, non-profits, municipalities and cities through field day activities performed on the state forest, when appropriate.
4. Administers a compartment plan process to help provide multiple use benefits for the people of Tennessee. The primary uses include: timber production, wildlife habitat, recreation, water quality, natural resource research, forest resource management demonstrations, and aesthetics.

Division Background

The Tennessee Division of Forestry (TDF) celebrated its centennial anniversary in 2014. One of the Division's first missions was to plant trees on eroded and abandoned farm land in the western part of the state. Over the decades, TDF has grown to protect, conserve, and enhance Tennessee's 14 million acres of forest land through forest health protection, rural and urban forest management, wildfire and prescribed fire management, water quality protection, forest business services, state forest management and conservation education. Today, TDF employs over 400 personnel statewide and is well known as the wildfire and forest health experts. The Division resides within the Tennessee Department of Agriculture whose mission is to promote wise uses of Tennessee's agricultural and forest resources, to develop economic opportunities, and to ensure safe and dependable food, fuel, and fiber for all citizens.
